Understanding Acoustic Model Numbers

The majority of Taylor's acoustic guitars are offered in three model variations:

- Cutaway body with onboard electronics (e.g., 814ce)
- Non-cutaway body with onboard electronics (e.g., 814e)
- Non-cutaway body with no onboard electronics (e.g., 814)

Most models are organized by series, featuring the 100 through 900 Series along with our Presentation (PS) and Koa (K) Series. Here's how our numbering system works:

The second digit typically indicates whether the guitar is a 6-string (1) or a 12-string (5). For example, a 12-string Grand Symphony in the 800 Series would be an 856ce. The second digit can also identify a model that features a hardwood top (2). For example, within the Taylor Koa (K) Series, the K22ce is a six-string Grand Concert with a koa top. If it's a 12-string with the same top as the back and sides, 6 is used instead of 5. (A 12-string koa/spruce GS would be a K56ce; with a koa top it becomes a K66ce.)

Taylor nylon-string models are integrated into the 200-900 Series and are designated by the letter "N" at the end of the model name. For example, a nylon-string Grand Auditorium with a cutaway and electronics within the 800 Series is an 814ce-N.

Custom Program

Taylor's Custom program enables you to custom-design your dream Taylor by choosing from a robust menu of guitar specifications. Here you'll find a list of categories for our steel-string and nylon-string acoustics, Baritone and 12-Fret models, and the T5 and T3. For a complete list of options and pricing within each category, contact your preferred Taylor dealer, who will have a comprehensive Custom worksheet and will be able to help you with your order. If you live in the U.S. or Canada and have specific questions about the Custom program, call us at 1-800-943-6782, and we will be happy to help you. For customers outside North America, contact the international Taylor distributor in your country.

Please note that our Custom options, including wood choices, may change without notice.
